

Hello! Thanks for the answer.

Sorry for my bad english.

<http://fotograf-da.ru/vse-novosti/master-klass>

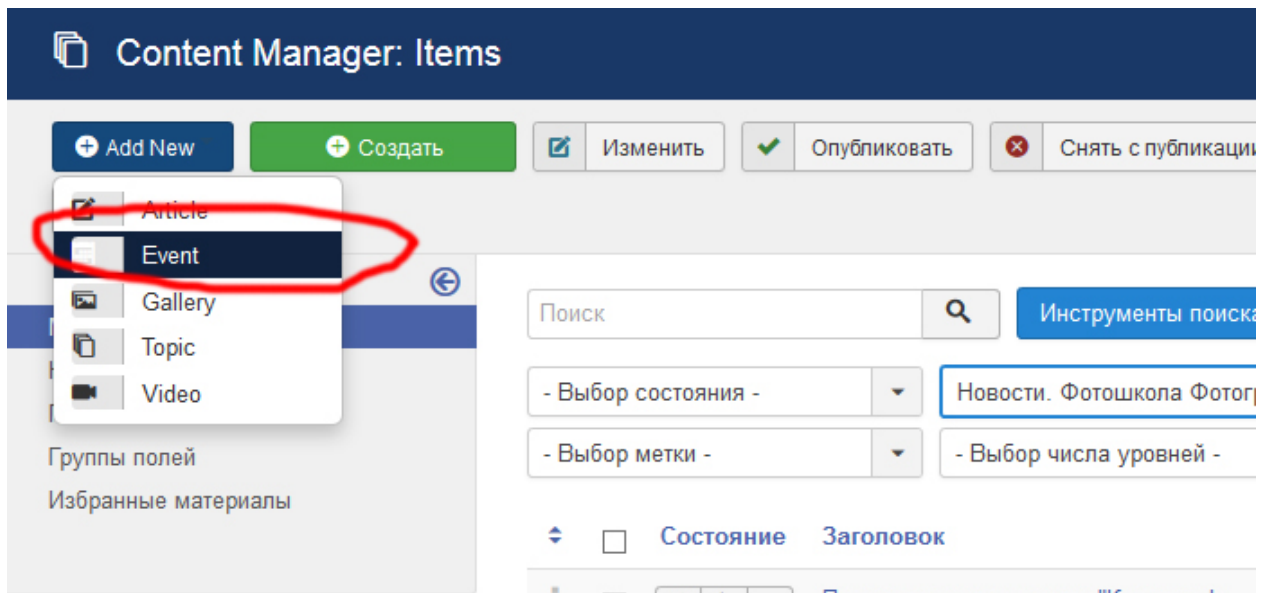

Example. Here the plugin works

Plugin code

```
<p>{gallery}novosti/master-klass-uvarov/master{/gallery}</p>
```

Example on type pages
EVENT

<p>{gallery}novosti/master-klass-uvarov/master{/gallery}</p>

Do not see the photo, but only the code.

On EVENT pages, no plug-in works. Do not work ONLY on pages EVENT

Example
